Staff

Steven Fromer is a graduate of Upsala and received his M.B.A. from Farleigh Dickinson University and is licensed to practice as a CPA in New York. He is a member of the Management consulting services division of the American Institute of Certified Public Accountants and is also certified as a Novell System Manager.

In 1985, Steve was in charge of the computer department of a mid-sized accounting firm in New York City. There he helped evaluate their computer needs; Including, recommending, installing and supporting these systems.

In 1991, Steve started Acctrack Computer Consultants. Acctrack has over four hundred successful installations which includes manufacturing companies, professional firms and service industries with multiple locations.

Elliott McClendon joined Acctrack Computer Consultants in 1996. Over the years, he has provided technical support and on-site support. Elliott is certified by Sage Software as a Support Specialist, Advanced Crystal Technician, a Data File Structure Analyst, and currently plans to become certified by Microsoft as a MCSE. In the year 2003, Elliott became a partner in Acctrack Computer Consultants.

John Veglia has been in management consulting for over 20 years. He has extensive experience in evaluating and designing back-office accounting systems focusing on internal controls and best practices using Big 4 standards.

He started at Ernst & Young in the management consulting division and has led numerous engagements for mid-size organizations in designing and implementing financial, distribution and manufacturing systems.

During his tenure at Ernst & Young, Mr. Veglia served on a national software evaluation committee that developed an industry leading software analysis tool that assists consultants in evaluating software applications. This evaluation tool addresses all system processes in the financial, distribution and manufacturing areas.

Since Ernst & Young, John has started his own consulting practice to assist mid-size companies design and implementing back office accounting systems that focus on improving internal accounting controls and financial reporting. He has extensive experience as a project manager on system implementation projects that focus on meeting short and long term operating goals of the organization. John Veglia received his CPA license in 1992 and is member of New State Society of CPA and American Institute of CPA's. He received a degree in Management Information Systems from Rowan College.

John joined Acctrack Computer Consultants as of August of 2006 as a partner.
